Our Unique At-Home Services

One of the standout features of makeO toothsi is our unique at-home services, designed with your convenience in mind. We understand the hustle and bustle of daily life, and regular dental appointments can be time-consuming. With makeO toothsi, you can bid farewell to those long commutes and waiting room woes.

Our process begins with a simple at-home impression kit, allowing you to take impressions of your teeth from the comfort of your home. Or you can also book an at-home 3D scan of your entire jaw! Once we receive your impressions or scans, our team of experts crafts your treatment plan and custom aligners, which are then delivered directly to your doorstep.

Our at-home services not only save you time but also eliminate the need for multiple in-person visits, making it a hassle-free experience! Furthermore, our at-home services help you save a lot of travel expenses and the stress of scheduling multiple appointments per month! With makeO toothsi, you get quality dental care without the unnecessary financial and time burdens.

In conclusion, makeO toothsi aligners are the game-changer in orthodontics, providing an affordable, comfortable, and convenient alternative to traditional braces. With our custom-designed invisible aligners, transparent payment plans, and unique at-home services, achieving a perfectly aligned smile has never been this accessible. Don't let misaligned teeth hold you back – choose makeO toothsi and embark on a journey to a confident and radiant smile that is affordable and achievable.
